BARGAINING UPDATE

UNIFOR@UWINDSOR

Negotiations Update

Thank you for your ongoing solidarity during a difficult round of negotiations and for your strong strike mandates. Your Bargaining Committees continue to meet with the employer during the week of September 9 with the hopes of reaching tentative agreements for all four campus bargaining units.

The future of job growth and continued job security for the future are major priorities for your bargaining team and our respective members. Given our common issues with CUPE 1393, we stand in solidarity with our sisters and brothers. We ask you to please support the CUPE 1393 members by joining them on their picket line during your breaks, lunches and after work.

You have been clear in your mandate following the recent strike votes given to your Bargaining Committees that you deserve and need enhanced job security, and improvements to wages and benefits.

We remain committed to reaching fair and reasonable collective agreements for all of our 400 Unifor members on campus.
